

09/01/16 - TECHNOLOGY SCIENCE CORPORATION AWARDED SBA 8(a) SMALL BUSINESS CERTIFICATION

Technology Science Corporation (TSC), is a Service-Disabled Veteran-Owned (SDVO), Woman-Owned Small Business (WOSB), Minority, Small Disadvantaged Business (SDB) Local Disadvantaged Business Enterprise (LBDE) company. TSC specializes in providing:

- Information Technology Services
- Datacenter operations
- Audiovisual/ Video-Teleconferencing Installations
- Cyber Security Solutions

The newly awarded SBA 8(a) certification places TSC in a better position to bring quality services to their customers which include Federal Civilian Agencies, Department of Defense Agencies, State and Local Government, and Commercial Accounts.

TSC brings best practices from Fortune's top companies to solve complex business challenges and perform with the attention to detail and customer service found in a small company. TSC encourages and promotes a culture heavily vested in creative problem solving, responsiveness, continuously seeking high-quality, lower cost, process improvement, and "out-of-the box" best value solutions. The SBA 8(a) certification, allows TSC to better serve Customers and establish a stronger presence in the Federal IT services environment.

TSC's approach incorporates attentive listening to Customer's issue/challenges, customizing solutions to meet their environment, and perform with integrity to exceed expectations. TSC understands the framework of Federal and Commercial procurement processes and the importance of collaboration with End Users, Program Management, and Contracting to produce a winning solution. The new relationship with the SBA, through the 8(a) certification, provides TSC the opportunity to strengthen and expand current offerings, and the ability to offer its clients increased access to services and proven successful solutions.
