

**TECHNOLOGY  
SCIENCE  
CORPORATION**

### Overview

Incorporated in 1997, Technology Science Corporation (TSC) provides Information Technology (I.T.) value added services and reseller in support of U.S. Department of Defense and Federal agencies. It is also an SBA 8(a), Verified Service-Disabled Veteran, Minority, Woman-Owned Small Business.

Owner, Ms. Thu Stubbs, has over 35 years experience in the I.T. industry starting from Army Captain in Communications Electronics supporting US/NATO missions and transitioning to business development for major defense systems integrators, computer manufacturer, and IT product re-sellers.

### TSC Mission

TSC strives to provide high quality, practical, and creative solutions which keep pace with state of the art technology, limited budgets, and tight deadlines. We bring innovative, turnkey solutions and perform with precision delivery focusing on improving efficiency and cost savings. TSC offers big corporate solutions with small business attention to detail and quality customer care.

### TSC Values and Commitment

We team with the best IT manufacturers, defense contractors, and resellers, then select best practices from Fortune's top companies to solve your complex business challenges. Our program management, service delivery, and commitment to quality execution has been recognized by industry magazines and the Small Business Administration as a success story. We encourage and promote a culture heavily vested in creative problem solving, responsiveness, and teamwork. We continually strive to achieve high-quality, lower cost, process improvements, and "out-of-the-box" best value solutions. We execute by listening to your issues, customizing the solution to your environment, and perform with integrity to achieve above-average CPARS. We understand the federal procurement framework and the importance of collaboration with the End User, Program Management, and Contracting to produce a winning solution.

## CUSTOMERS

## Veteran and Community-Centric Culture

### 7 Benefit LTD

Since 2010, Technology Science Corporation (TSC) has hosted a grass roots annual community 7 Black Tie Gala. In 2015, TSC CEO founded a 501(c)(3) veterans charity called 7 Benefit LTD.  The Annual Gala honors Wounded and Veteran Heroes (from WWII to present campaigns) in collaboration with MD and VA Governor's Office. Each year, the event selects a different beneficiary veteran charity, whose mission is to improve quality of life, medical support assistance, and add dignity to veterans lives. In 2017, 7 Benefit LTD donated **\$154,000** to beneficiary, Operation Renewed Hope Foundation, whose mission is to reduce veteran homelessness. TSC's corporate culture encourages community service and employees volunteer for the Annual Black Tie Gala. 7 Benefit LTD is TSC's way of giving back to the community. **Info: [7Benefit.org](http://7Benefit.org)**

### Soldier-2- Citizen Initiative

TSC believes in hiring qualified military veterans for its civilian and federal contracts. We strive to "pay forward" and serve those who have put their lives on the line to protect our global interests by providing on-the-job training, internships, employment, mentoring, certifications, and clearance sponsorships in the performance of TSC task orders and contracts.

### Veterans Employment Partner

TSC's is a proud member of DoD Skillbridge and VA's V3 programs to provide IT related internships and employment for service members leaving the military. Our CEO and corporate executives counsel veterans with career, financial, and work/life balance assistance.
